---

## WHAT WE DO

We strive to act as a procurement and logistics partner with all of our customers worldwide. By working closely with a range of principals, manufacturers and distributors we aim to reduce our customers overheads while maintaining smooth operations.

We believe in offering excellent customer service for our clients which we achieve through strong, open and honest relationship with both our customers and our preferred manufacturers & suppliers.

---

## WHO WE ARE

Wheeler Industrial Worldwide was founded by two brothers who are experienced in Industry, Mining and Oil & Gas. Using their experience working internationally they have been successfully supplying goods & equipment into Africa, the Middle East, South America, the Caribbean & Asia, and building a team of professionals to service this endeavour.

We at Wheeler Industrial Worldwide believe in people. And we are always keen to work with like-minded people from all businesses worldwide big or small to source goods, reduce operating costs or market products to industry. Their Our philosophy of working smart and working together, means that working with Wheeler Industrial Worldwide will be beneficial to all involved..

# Our Clients

*International clients trust us for their business.*

Wheeler Industrial Worldwide can be your partner in your procurement activities, we have a global reach but treat our clients and suppliers with the respect they deserve as if they were our neighbour. We will make significant savings for our clients as well as creating an efficient supply chain.

We pride ourselves in listening to our clients and suppliers to continuously improve our activities as well as theirs. We understand that the world is getting smaller but we also know that trust, communication and transparency is so important for the future world.

# Core Business

---

## *PROCUREMENT AND SUPPLY CHAIN WORLDWIDE*

*Construction, Mining, Oil &  
Gas, Utilities, Agriculture,  
International Aid*

### Procurement service:

- Procurement & supply chain
- Consolidation Service

### Logistics:

- Packing & shipping of Hazardous goods
- Shipping & Logistics

### Other sectors of expertise:

- Assisting exported goods to new markets
- Promoting British products abroad

## Single Source Procurement

Single source procurement allows our clients to outsource all or part of their purchasing requirements to our dedicated procurement team.

Working closely with our clients we can tailor our service to their specific needs.

We deliver cost savings to our clients and optimise the supply chain.

## Supply Chain Management

We optimise the supply chain and creating efficiencies is critical to our clients and to us.

Through our network of global suppliers and freight forwarders we can quickly react to the changing requirements of complex operational environments.

Our clients benefit from our ability to be flexible and select the best solution for a particular scenario.

## Bespoke Supply Solutions

Our core values lie with providing the best service to our clients and meeting their demands.

Our years of experience supplying goods globally means that we have been there and can present a solution.

Whether it may be shipping hazardous chemicals, out of gauge equipment, difficult shipping routes, critically urgent items or even a suggestion for a product to save money & time we are ready to offer the best bespoke solutions to our clients when they need us.

# Our Services

---
